

## AV220C2

A small footprint and a colour duplex scanner, the AV220 C2 leads work group scanning to a new level. Combining fast colour, monochrome or grey scale capture modes, this scanner is the perfect solution for every business's low volume or decentralized scanning needs.

With the 50-sheets automatic document feeder the AV220 C2 can perform quick and continuous scanning up to 35 pages per minute in simplex and 70 images per minute in duplex mode.

A very new feature is a feeder attachment on the front side of the scanner that is designed to scan documents with odd size and material, which do not fit into the ADF.

This special feeder is ideal for companies, insurances, banks and government agencies, who needs scanning of ID cards, driver's licenses, cheques, health insurance plan card , etc.

Duplex

## Software

- Scan batches that consist of multiple document sizes
- Scan batches that consist of varying degrees of quality
- Automatic alerts for paper jams and equipment conflicts
- Automatic deskew without character degradation
- Automatic brightness settings that are optimal for your document type Contrast enhancement for faint content
- Suppresses any background or noise to yield smaller image file sizes
- Despeckling
- White background

- Scanning with at a single push of a button
- to searchable PDF, JPG, TIFF, MTIFF, BMP and others
- documents to e-mail, printer or to other favorable destination

- Quickly scan paper
- Share photos as JPEG or PDF
- Manage PDF documents
- View and print over 100 file formats
- Fill out forms electronically
- Capture web pages

- **Adobe® Acrobat Standard**
